CPT® Category I New Immunization* Codes (Including Incorporation of ACIP Abbreviations Listing) Medium Descriptors

Most recent changes to the CPT® Category I New Immunization* Codes Medium Descriptor document:

- There are no changes to report for the October 2026 Immunization codes early release.

*For the purposes of CPT coding, "Immunization" includes vaccines/toxoids, immune globulins, serum or recombinant products.

It is important to note that further CPT Editorial Panel or Executive Committee actions may affect these codes and/or descriptors. For this reason, code numbers and/or descriptor language in the CPT code set may differ at the time of publication. In addition, further Panel actions may result in gaps in code number sequencing.

The removal of the FDA pending symbol follows notification that this product has been granted FDA approval status on the date indicated. Code 90624 was originally published in CPT 2025.

***Note that code 90624 will follow code 90623.**
