

CPT[®] Category I New Vaccine Codes (Including Incorporation of ACIP Abbreviations Listing) Medium Descriptors

Most recent changes to the CPT[®] Category I New Vaccine Codes Medium Descriptor document

- Addition of 1 Category 1 code (0083A) accepted by the CPT Editorial Panel. Code 0083A and all related references will be published in CPT 2023.
- Updated effective date for code 0074A.

It is important to note that further CPT Editorial Panel or Executive Committee actions may affect these codes and/or descriptors. For this reason, code numbers and/or descriptor language in the CPT code set may differ at the time of publication. In addition, further Panel actions may result in gaps in code number sequencing.

The following Vaccine codes were accepted at the September 2021 CPT Editorial Panel meeting for the 2023 CPT production cycle. These codes are effective on July 1, 2022 following the six-month implementation period which begins January 1, 2022.
